## **Support Disaster Relief In Haiti**

The Local 15 office has received several inquiries from over the last few days from our members regarding what they can do to help the disaster victims in Haiti. After reviewing several options Local 15 is recommending members interested in making a donation to assist with the recovery efforts in Haiti do so through the Exelon website:

[www.givingstation.com](http://www.givingstation.com)

Local 15 urges members who are considering making a donation to do so through Exelon due to the fact that they have committed up to \$200,000 in funds to match employee contributions made via American Red Cross International Response Fund and the U.S. Fund for UNICEF. By giving through the Company members are doubling their contribution amount which will further help with the relief effort. We feel this is the best way to maximize our members contributions.

Members who have already made a contribution to one of these relief agencies on-line can still obtain an Exelon matching donation. Please forward your e-mail receipt or confirmation from the organization to [corporaterelations@exeloncorp.com](mailto:corporaterelations@exeloncorp.com) or send a copy of the confirmation to:
